ELECTRIC

I Rose Lipinski, am a health care provider who has chosen to opt out of the smartmeter at my home and office, for health reasons. I don't feel that there has been sufficient protection from the electromagnetic radiation emitted from the meters. I also consider it a hardship that we who choose to protect ourselves should be mandated beyond our will to have the meters installed much less have to pay extra as a penalty for choosing health over APS profit. I hope you consider the rights of your constituents over the business of APS.
